**Science Advisory Board; Notification
of Public Advisory Committee
Meetings**

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that two committees of the US Environmental Protection Agency's (EPA) Science Advisory Board (SAB) will meet on the dates and times described below. All times noted are Eastern Time. All meetings are open to the public. Due to limited space, seating at all meetings will be on a first-come basis. For further information concerning each meeting, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office. Information concerning document availability from the relevant EPA Program area is included below.

1. Clean Air Scientific Advisory Committee

The Clean Air Scientific Advisory Committee (CASAC) of the Science Advisory Board (SAB) will meet on Tuesday and Wednesday, September 19-20, 1995 at the Brownstone Hotel, 1707 Hillsborough Street, Raleigh, NC 27605 (phone: 919/828-0811). The meeting will begin at 8:30 am and end at 5 pm each day.

Purpose of the Meeting—At this meeting, the Committee will review and provide advice to EPA on the August 1995 external review draft staff paper for ozone (Review of National Ambient Air Quality Standards for Ozone: Assessment of Scientific and Technical Information), and its associated analyses. The purpose of the staff paper is to evaluate and interpret the most relevant scientific and technical information reviewed in the ozone air quality criteria document in order to better specify the critical elements which the EPA staff believes should be considered in any possible revisions to the national ambient air quality standards (NAAQS) for ozone. This document is intended to bridge the gap between the scientific review contained in the criteria document and the judgments required of the Administrator in setting NAAQS for ozone. The Committee will consider presentations from Agency staff and the interested public prior to making recommendations to the Administrator.

The Committee will also complete its review of the final changes made to the criteria document (Air Quality Criteria for Ozone and Related Photochemical Oxidants) on the basis of comments received on the February 1995 CASAC Review Draft at the previous public meeting held March 21-22, 1995 (see 60 FR 11971-11974, dated March 3, 1995).

Availability of Documents—Documents that are the subject of Science Advisory Board reviews are *not* available from the SAB. They must be obtained from the appropriate EPA office listed below.
